- Parking requirement: 50-75

About ACC

Curling originated in Scotland and dates back in the US to the 1850's. The sport was first played outdoors on ponds and lakes.

The first New York dedicated curling facility was at St Andrews Golf Club in Hastings. The Ardsley Curling Club was founded in 1932.

ACC built its own dedicated 3 sheet facility in 1966 on the grounds of the Ardsley Country Club. Our club enjoys a rich history within the sport and is recognized for it's members contributions over many years. ACC is a 501c Not for Profit, whose mission is to teach, developing, promote and encourage the Olympic Sport of Curling.
